

FILL IN THE INDIANA SPEED TEST MAP TODAY

HELP IMPROVE BROADBAND FOR OUR COMMUNITIES

The Indiana Speed Test is a crowd-sourced internet speed test that focuses on enabling cost effective planning and deployment of broadband. The information collected from residents taking the speed test can help determine areas most in need of broadband access statewide. The more data dots, the more this can help bring broadband to our communities. Scan the QR code to get started.

TAKE THE TEST

- Select “Take the Speed Test”
- Select one of the choices for your location
- Select “Lets Do it”
- If you don’t have internet select “Enter an address with no available service.”
